# Selected Projects and Fellowship Awardees (2023-2024)

| Sl. No. | Project Title | Team Member(s) | Category | Name of the Institution | Academic Advisor | Reviewer's Name (@ARTPARK) |
|---|---|---|---|---|---|---|
| 1. | Text To Speech Synthesis | Shingala Jaydeep Jaysukhbhai | PG | Indian Institute of Technology, Bangalore | Prof. Prasanta Kumar Ghosh | Rohit S & Nihar Desai |
| 2. | Vision-Based Manipulator with Object Differentiation and Enhanced Safety Measures | Lubaid Nisar | PG | National Institute of Technology, Srinagar | Prof. Babar Ahmad | Kaushik Sampath & Aditya Verma Sagi |
| 3. | Towards Enabling High-Speed UAV Flights in Unknown Environments | Satyam Saha | PG | Indian Institute of Science, Bangalore | Prof. Jishnu Keshavan | Ansar H. Lone & Ankit Mishra |
| 4. | AI-based system to assess road distresses via drone survey | Soumya Biswas | PG | BITS Pilani, Pilani | Dr. Pratik Narang | Ansar H. Lone & Ankit Mishra |

| | | | | | | |
|---|---|---|---|---|---|---|
| 5. | AGV/AMR Development for Warehouse automation | 1. Mohit Kumar , 2. Chinmay Sahoo 3. Ayush Kumar Das, 4. Lalit Mehta | UG | IIT BHILAI | Dr. Soumya Gangopadhyay | Ansar H. Lone & Ankit Mishra |
| 6. | Optimising Aerial Traffic Using Multi-UAV Path Planning | 1. Lovesh Goyal (Team Lead ) 2. Pushkar Dave | UG | Visvesvaraya National Institute of Technology, Nagpur | Dr. Ashwin Dhabale | Ansar H. Lone & Ankit Mishra |
| 7. | Robust OCR Models for Retail Flyers | 1. Pijush Bhuyan (Team Lead) 2. Mohit Gupta 3. Debnath Kundu 4. Kapuriya Janak Kumar Sureshbhai | PG | Indraprastha Institute of Information Technology, Delhi | Dr. Rajiv Ratn Shah | Sneha S. |
| 8. | Leveraging Multimodal Language Models for Enhanced Question Answering in Educational Domains | 1. Kapuriya Janakkumar Sureshbhai (Team Lead) 2. Debnath Kundu 3. Pijush Bhuyan 4. Mohit Gupta | PG | Indraprastha Institute of Information Technology, Delhi | Dr. Rajiv Ratn Shah | Rohit S & Nihar Desai |

| | | | | | | |
|---|---|---|---|---|---|---|
| 9. | Autonomous Mobile Robot Platform and Augmented Physical Testbed for Indoor Navigation | Vishwesh Vhavle, Jatin Kumar Sharma | UG | Indraprastha Institute of Information Technology, Delhi | Dr. Sanjit K Kaul | Ansar H. Lone & Ankit Mishra |
| 10. | Carbonsense: Empowering Sustainable Living through Smart Energy Management and Carbon Tracking | Krishna Gupta(Team Lead), Richa Singh | UG | Dr. Shakuntala Misra National Rehabilitation University, Uttar Pradesh | Dr. Shekhar Yadav | Kaushik Sampath & Aditya Verma Sagi |
| 11. | Design, Development and Robust locomotion of Bipedal walking robot with learning based techniques. | Gonugunta venkata sai mothish | PG | Indian Institute of Science, Bangalore | Prof. Shishir N.Y. Kolathaya | Kaushik Sampath & Aditya Verma Sagi |
| 12. | Management of warehouse using Digital Twin | 1. Carolyne Thomas(Team Lead) 2. Faheem Muhammed 3. Nidha T A 4. Jarabala srinivas | UG | National Institute of Technology, Calicut | Dr.Pradeepmon T.G | Ansar H. Lone & Ankit Mishra |

| | | | | | | |
|---|---|---|---|---|---|---|
| 13. | Prediction of Breast Cancer Type and Subtype from MRI Sequences | 1. Madhava Krishna (Team Lead), 2. Bhagesh Gaur, 3. Mohammad Sufyan Azam, 4. Ayush Sharma | UG | Indraprastha Institute of Information Technology, Delhi | Dr. Dhruv Kumar | Sneha S |
| 14. | Developing a Deep Learning based framework for cyclone intensity classification using self-supervised deep learning, to enable accurate predictions and accelerate scientific discovery in meteorology for training and inference for complex and large ML models. | Akash Agarwal | PG | Indian Institute of Science, Bangalore | Prof. Punit Rathore | Rohit S & Nihar Desai |
| 15. | Early stage detection of Parkinson's disease using Deep CNN models and Bio-inspired Optimization | Ms. Konjeti Manju Sree | PG | National Institute of Technology, Goa | Dr. Damodar Reddy Edla | Rohith S & Nihar Desai |
